

Table Lamp Instructions

WARNING

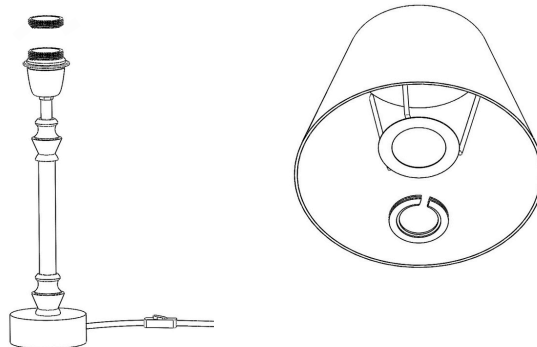

For indoor use only. This product is produced in conformity with all relevant safety regulations. Always ensure the luminaire is unplugged from the electrical outlet and cooled down before inserting a bulb or attaching a shade.

Step 1

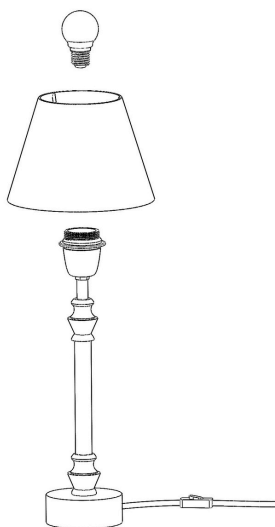

Carefully take out the product from box and set aside.

Step 2

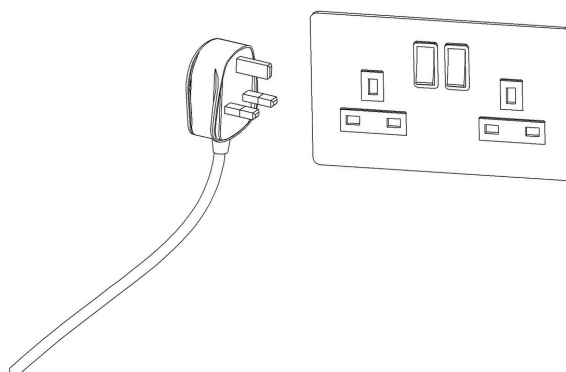

Unscrew the shade ring found attached on the bulb holder. If your lamp base has an E27 fitting you will need to pop out the shade reducer ring. You can do this by pinching the reducer and popping it out.

Step 3

Attach your chosen shade and secure using the shade ring previously removed. Insert the correct bulb type into the bulb holder. The MAX wattage is indicated on the bulb holder. **The maximum wattage must not be exceeded.**

Step 4

Position your lamp in the desired location and insert plug into the electrical socket. Switch on via the bulb holder switch or the in-line switch.
